

2018 ENERGAÏA AWARDS ENTRY FORM

The 2018 EnerGaïa Awards (Trophées EnerGaïa) are organised on the initiative of the Occitanie Regional Authority by its economic development agency AD'OCC.

The 2018 EnerGaïa Innovation Awards pay tribute to a company exhibiting at Forum EnerGaïa that has an **innovative and outstanding product or service** which offers high added value for the region, addressing one of the six major challenges or contributing to one of the ten priority projects set out in the **“Positive Energy Region”** ambition.

The six major “Positive Energy Region” challenges:

1. **M**ass-develop energy efficiency renovation in existing housing
2. **O**rganise and develop a competitive PV solar power sector
3. **D**evelop terrestrial and floating offshore wind power by improving project acceptability
4. **L**everage biomass, a way forward for the production of renewable gas and heat
5. **O**ptimise our hydroelectric potential by rebalancing the different uses of water
6. **I**nnovate to be at the cutting edge of the energy transition

The ten “Positive Energy Region” priority projects:

1. Build and renovate, for low-energy and resource-efficient buildings
2. Promote and develop the mobility of the future
3. Strike a balance between renewable energy and farming development
4. Position Occitanie as a pioneering region in the solar photovoltaic field on the French and Mediterranean market
5. Position Occitanie as the leader in floating wind power in Europe
6. Support regional research to prepare the technical disruption of tomorrow
7. Tailor training and education to plan ahead for the job skills of tomorrow
8. Finance the energy transition economy using appropriate high-leverage mechanisms
9. Support regions for a civic-supported transition and better project acceptability
10. Contribute to international exchange on fighting climate change and open up to the world

The **Innovation** may be technological in nature (product, process, turnkey solution, etc), service-related or may apply to the model (economic, social, organisational, etc.).

The winner will receive the “2018 EnerGaïa Award” and will also benefit from:

- 1 “2018 EnerGaïa Innovation Award Winner” web button to use in all their communications
- The drafting and publication of a specific press release dedicated to the 2018 EnerGaïa Awards,
- The deployment of a pop-up screen on the 2018 Forum EnerGaïa website and social media,
- Regional visibility through the Occitanie / Pyrénées-Méditerranée Regional authority media and social networks
- 20% discount on stand space for an individual stand at the 2019 edition of Forum EnerGaïa.

We invite you to complete this document as accurately as possible. Feel free to add additional notes, documents, videos or photos, etc.
